**About the Seminar:**

The seminar titled "**Empowering India 2047: Strategies for Sustainable Development**" aims to explore innovative and actionable strategies to achieve India’s vision of becoming a developed nation by 2047, marking 100 years of independence. The seminar will focus on addressing critical challenges such as climate change, resource depletion, social inequality, and economic disparities, while aligning with the United Nations Sustainable Development Goals (SDGs). By integrating interdisciplinary perspectives, the seminar will emphasize the importance of sustainable practices in key sectors such as energy, agriculture, urban development, education, and healthcare. The relevance of this seminar lies in its timely focus on India’s developmental trajectory, which must balance rapid economic growth with environmental stewardship and social equity.

By bringing together policymakers, academics, industry leaders, and civil society, the seminar aims to generate actionable insights and frameworks that can guide India’s journey toward sustainable development. Its potential contribution lies in offering a holistic roadmap for achieving long-term prosperity while ensuring environmental sustainability and social justice, thereby setting a global benchmark for sustainable development strategies.
